you can’t just let them in when they want to tell you how wonderful you are and block them out when they tell you they disagree with something you’ve said.

cancer is seen more often in some breeds, notably the golden retriever, boxer, greyhounds and bernese mountain dogs

this is to be expected when you consider the source, because pharmaceutical companies lead the pack when it comes to corporate crime.

it’s surprising you’re not more popular because you definitely possess the gift.
